# **Detailed Description**

# Chorus

*Chorus*: Beats #1-4: First corners approach and clash F-B-F-B (forehand-backhand-forehand-backhand) as they move around each other while  $2^{nd} \& 3^{rd}$  corners loop around. (Movement is marching, though double steps could be substituted.) Beats #5-8: second corners have finished a small loop and clash F-B-F-B as they pass while  $1^{st} \& 3^{rd}$  corners loop around. Beats #9-12: third corners (middles) have finished looping and clash F-B-F-B as they pass while  $1^{st} \& 2^{nd}$  corners loop around. Beats 13-24: repeat the entire sequence. Beats 25-32: half hey.

# Figures

### **Once to Yourself**

*Hankie dances*: stand in position, trying not to look stupid. Five beats before the end of the tune, bring the hankies up to chest-level and rise onto your toes. Then two hop backs and a foot-together-jump. *Stick dances*: stand in position, trying not to look stupid. Two beats before the end of the tune, do a foot-together-jump.

### Foot Up & Down

Face up. Two double steps in the "up" direction (one stationary, one in place). Galley (out from the center). Foot-together-jump to face down. Face down. Two double steps in the "down" direction (one stationary, one in place). Galley (out from the center). Foot-together-jump <sup>3</sup>/<sub>4</sub> of the way around to face across.

## Half Gyp

Face across. Two double steps, one to cross to your partner's position (starting on the left foot<sup>1)</sup> and

passing by the right shoulder) and one in place. Hop backs to return to place. Foot-together-jump. Face across. Two double steps, one to cross to your partner's position (starting on the right foot<sup>2)</sup> and passing by the left shoulder) and one in place. Hop backs to return to place. Foot-together-jump.

#### Back-to-Back

Face across. Two double steps: on the first one cross to your partner's position (starting on the left foot and passing by the right shoulder), and on the second one slide to your right. Hop backs to return to place, this time passing your partner by the left shoulder. Foot-together-jump. Face across. Two double steps: on the first one cross to your partner's position (starting on the right foot and passing by the left shoulder), and on the second one slide to your left. Hop backs to return to place, this time passing your partner by the right shoulder. Foot-together-jump.

#### Rounds

On the catch-step ("and") before the downbeat, hop into a circle and face clockwise. Middles will need to move outwards ("bulge"). One double step around the circle (clockwise). On the second double step spiral into a clump, ending halfway around the circle but closer to the center. Hop backs to your corner's place (halfway around the circle). Foot-together-jump. On the catch-step ("and") before the downbeat, all dancers turn a little more than 180° over their left shoulders ("hard turn") and go back the way they came (counter-clockwise). Again, on the second double step spiral into a clump, ending halfway around the circle but closer to the center. Hop backs to your corner's place (counter-clockwise). Again, on the second double step spiral into a clump, ending halfway around the circle but closer to the center. Hop backs to your original place. Foot-together-jump.

### Tune

At first we used Morrison's Jig for this dance, but we found that Swallowtail is easier to double step to.

Note that a danceable pace is **much** slower than the jig is played in sessions or for rapper sword dancing.
